PRESERVE

P. 15 (E)

GENERAL AND REVENUE SECRETARIAT.

Serial Nos. 3

Part B for February 1935—

SUBJECT.

Entrusts the Rev: Commr. with the Chief Controlling officer authority under the V.P. Regn. with the work of maintaining V.P. Manual up to date.

Sh. 3) No. L 3894-904 of 5-12-1934

The Revenue Commr.

WD 01965—GPB—15,000—7-7-34

Controller of Stores.

Secretary Pol. Branch

Dy. Commrs of Dists.

Secretary Rly. Board

14.3.35

is under print, it does not appear necessary to have separate copies of these printed now.

6) 12. The proposal at A on the last page seems to be a good one. It is not however clear why the Manual was first got printed by the Secretariat. The connected file may be put up. The Departmental Manuals are, I think, to be got prepared and printed by the respective Departments under Standing Orders. A

Intd. A.S.R.
17-4-1934

7) As the disposal of the side question now raised will take some time and as the file is likely to get delayed on this score, it seems desirable to take extracts of notes (vide previous page on the notes,

8) 14. May this be done?

9) 15. Yes.

A.S.R.
19-4-34

10) The file relating to the printing of the V.P. Manual is putup herewith as required above.

11) Please put up the G.O referred to at A above also a copy of the Village Panchayat Regn Amendment Regn

12) Kind reference is invited to Chapter XX of the Manual of general circulars & standing orders Vol I. Pages 211 21

13) A copy of the V. P. Amendment Regn is also putup

14) Please put Appendix 23 referred to in para 520 on Page 214 of the Manual

Serial No.

15) Please see Appendix 37 (not-23 as quoted by mistake apart from 5 20 of the Manual W2) - Page cix - of the Manual of Circulars & Standing orders Part II.

16) The village Panchayat Manual is not included therein & it may now be included, the work of preparing & maintaining it up to date being entrusted to the Revenue Govt. The reason for the omission in the appendix was that the Manual had not been compiled in the year 1910 & the appendix was not brought up to date in 1917.

6/X/34

17) The work of maintaining the Manual up to date may, as proposed above be entrusted to the Rev Govt, who is the Chief Controlling Authority under the V.P. Regn. This is on the analogy of the Stamp Manual (work being entrusted to the Stamp Govt, who is the Chief Controlling Authority under the Stamps Regn.

18) If agreed, the Rev Govt will be addressed in the matter and requested to take action & have the Manual reprinted.

Dy Secy) 7/10

19) Submitted with a draft G.O. for approval.

20) If necessary, the Rev Govt may

Control of Buildings on the Borders of the C & M. Station Bldgs.

V.p File No. 34 of 1934. General and Revenue Secretariat

Submitted with the file. Kind reference is invited to Sir Banerji's submissions note of 23.12.1922.

The proposals of the Residency for controlling the area in question and taking action under the V.p. manual may perhaps be examined in the L.S.G. Branch

3/1/1934 MBK

2. In this connection the Govt informed the Residency on 8.1.1923 that no special measures was possible to prevent building in the area, but that everything possible under the existing law to control the area will be done. Page 11

No reply appears to have been sent to the Residency letter of 16th July 1926. Page 12

3. In the present letter the Residency is not objecting to the buildings; but they are suggesting control of the sanitation of the area by the Govt. The suggestions that building operations be controlled by means of licenses under the Village Panchayats Regulation, and that the residents of the area be required to cooperate with the C & M Sn. authorities in the disposal of sewage. It is stated that the Village Panchayat Reg applies to the area. Whether the Regulation applies to the area and whether the suggestions are feasible

(1) Section 29 (1) of the Village Panchayat Regulation and rules 19 to 22 on pages 63-64 of the Village Panchayat Manual relate to the control of the erection of buildings in Panchayat areas. Written permission of the Panchayat is necessary for the erection of buildings, but such permission cannot be refused except on the ground of the site being insisted on sanitary grounds. It seems therefore that licenses for the construction of buildings in the area in question cannot be refused on the score that the buildings may affect the sanitation of the adjoining CDM Station area. The proposal to consult the CDM Station Municipal authorities before granting such licenses seems also to serve no useful purpose in view of the only ground referred to above on which a license can be refused.

(2) The Rev Com, who is the Chief Controlling Authority in the administration of Village Panchayats, may

Serial No.

Panchayet. The Deputy Commissioner, Bangalore District, already has taken action to see that the construction of buildings is controlled by the issue of licenses (vide copy of his letter dated 29th September 1934 enclosed).

15 After making a personal inspection of the locality in company with the Deputy Commissioner on the 21st instant, I feel that the instructions issued by the Deputy Commissioner are suitable and if they are strictly enforced the unauthorised construction of buildings in this area will cease. I noticed that people had already become careful in this matter. In doubtful cases, the President of the Municipal Commission, Civil and Military Station will no doubt be consulted by the Deputy Commissioner. But it is neither necessary nor feasible to make such consultation obligatory.

16 With regard to the question of drainage, I think the suggestions made in paragraph 3 (2) and (3) of Major Edward's letter should be carried out. The Deputy Commissioner has been requested to get plans and estimates for the drains to be constructed by the Panchayet and by the Civil and Military Station Municipal Commission respectively. If necessary a loan may be given to enable the Panchayet to execute its share of these works expeditiously.

17 So far as facilities for drainage are concerned (and this is really the one important matter) I think the Deputy Commissioner, Bangalore District and the President of the Commission can easily arrange matters

D.OLetter No.C.1.P.R.69/34-35 dated 26th September 1934 from the Deputy Commissioner, Bangalore District, to the Private Secretary to the Dewan.

.....

I write to inform you that I visited Devarajeebanahalli village near Richards Town in the Bangalore Taluk on the morning of the 26th instant along with the Executive Engineer (Mr. Murphy) and the Collector Civil and Military Station. We noticed that insanitary houses have been built and that no proper drains have been constructed to lead the sewage water near the boundary between the Civil and Military Station limits and the Devarajeebanahalli village.

Many of the houses were built long ago. The parties are not obtaining licenses though a Village Panchayet has been formed for this area. This is an inam village and the inhabitants are under the impression that their village is not subject to the provisions of the Panchayet Regulation. I have disabused their minds of the same and have issued the following instructions to the Amildar of Bangalore Taluk:-

1. The Village Panchayet should be clearly informed not to permit houses being constructed without licenses being obtained beforehand from the Chairman of the Village Panchayet.

2. The Amildar should get information from the Village Panchayet of all applications for construction of new houses or repairs to old ones and that he should make a report to the Sub Division Officer, Bangalore Sub Division, for the cancellation of any license granted by the Village Panchayet if there is anything objectionable or contrary to the provisions of the Village Panchayet Regulation.

3. The Amildar should attend the Village Panchayet's meetings until there is satisfactory working of the Panchayet.

4. Assessment lists should be prepared and recoveries of Village Panchayet taxes made promptly, and

5. Necessary action should be taken to have drains put up to lead the sewage water out of the Village Panchayet funds and also to have the existing drains and lanes kept clean.

The Collector and Mr. Murphy told me that they would address the Mysore Durbar through the Residency regarding the defects observed by us at the time of the joint inspection.

I shall intimate the progress made in due course.

Control of Buildings on the Borders of the Civil and Military Station of Bangalore.

---

4 DEC. 19

L.B.&C. BRANCH.

My dear Mr. Ranga Rao.

I am desired to refer to the correspondence ending with Major Evans-Gordon's demi-official letter No.6126, dated the 16th July 1926, regarding the control of building on lands outside of but contiguous with the boundaries of the Civil and Military Station of Bangalore and not included within the City Municipal limits.

2. The President of the Municipal Commission, Civil and Military Station, has pointed out that the question has latterly assumed great importance in view of the fact that several buildings have now sprung up in the belt of land along the side of the Tannery Road. It is understood that building operations are being pushed on

on rapidly in this area; and the President, Municipal Commission feels that it is essential in the interests of the sanitation of that part of the Civil and Military Station that these should be effectively controlled.

3. Mr. MacIver inspected the portion in question of the Station boundary in company with the Municipal Executive Engineer of the Station and the Deputy Commissioner, Bangalore District, on the 26th September 1934. He has suggested that the building operations in the area might be effectively controlled if the Government of Mysore could kindly see their way to the adoption of the following proposals:-

(1) The control, by means of license, of buildings which are springing up on the Civil and Military Station boundary. (It would perhaps be possible for the local Mysore State authorities to consult the Civil and Military Station Municipal authorities before permitting any new buildings

buildings in this area).

(2) The residents in the area under Mysore State administration to be required to co-operate with the Civil and Military Station Municipal Health Staff, so as to allow sewage from houses on the Civil and Military Station side, which is now lying stagnant, to be connected up with drainage on their side.

(3) The residents in the area under Mysore State administration to be required to connect up their sewage with the Civil and Military Station drains where it is at present lying stagnant in the Station limits.

4. It is believed that the Mysore Government have adequate powers to take this action under the Village Panchayat Act, which is in force in the area in question; and I am to request that the Resident may be

be favoured with the views of the Government of Mysore on these proposals.

Yours sincerely

R. Ranga Rao, Esq., B.A., B.L.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore.

D 1814/34

The Secretary to the Hon'ble the
Resident in Mysore, Bangalore.

Sir,

With reference to your D.O. letter No.F.994-34 dated 3.12.1934, re: control of buildings on the borders of the Civil and Military Station, Bangalore, I am directed to state ~~that it is ascertained~~ that as a result of the inspection of th locality by the Collector, Civil and Military Station, and the Deputy Commissioner, Bangalore, on 26.9.1934, the --- latter has taken action to see that the construction of buildings in this area is controlled by the issue of licenses. A copy of his letter on the subject ~~xx xxxxxxxxxxxxxxxxxxxxxxxxxxxxxx~~ is enclosed for information. Government consider that the instructions issued by the Deputy Commissioner are suitable and that if they are strictly enforced as may also be, the unauthorised construction of buildings in the area will cease. In doubtful cases, the President of the unicipal Commission, C.S.M. Station, will no doubt be consulted by the Deputy Commissioner, but Govern-

Government think that it is ~~neither~~ nor necessary ~~nor feasible~~ to make such consultation obligatory.

2. With regard to the question of drainage, which is really an important matter, Government are agreeable to the s suggestions made in para 3 (2) and (3) of your letter being carried out. The Deputy Commissioner has accordingly been requested to get plans and estimates for the --- drains to be constructed by the Village Panchayet of Devanahalli and by the C.&.M.Station Municipal Commission respectively, and after they are ready the Deputy Commissioner and the President Municipal Commission, can easily arrange matters between themselves and take action to have the works on either side executed and all facilities for drainage provided.

I have etc.,

OFFICE
15 MAR 1935

Dated Bangalore, 13th March *1935.*

Subject.

Control of Buildings on the Borders of the Civil and Military Station of Bangalore.

Sir,

I am directed to acknowledge with thanks the receipt of your letter No. Pol.754/V.P.34-34-2, dated the 18th January 1935, and to say that the Hon'ble the Resident agrees that the instructions which have been issued appear to be quite sufficient to meet the needs of the situation. The ready assistance given by the Mysore Government in dealing with this question is greatly appreciated.

I have the honour to be,

Sir,

Your most obedient servant,

SECRETARY TO THE RESIDENT.
